Understanding the Concept of Geography Sandwiches

What Are Geography Sandwiches?

The term geography sandwiches refers to a type of puzzle or quiz format where clues are presented as 'layers' of a sandwich, with each layer representing a different geographic element. The bottom slice of bread completes the sandwich, tying all elements together.

These puzzles are designed to challenge participants' knowledge across multiple geographic levels—global, regional, national, and local—while engaging their lateral thinking skills. The name "sandwich" is a metaphor for the multi-layered approach, emphasizing the need to identify and connect various geographic pieces in a logical sequence.
